

### A951G0T-QLBD

Industrial automation components

<b>Manufacturer</b>	Mitsubishi
<b>Catalog number</b>	a951got-qlbd
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Signal Type</b>	24
<b>Signal Level</b>	24 V

### Description

The A951G0T-QLBD is an advanced operator panel from MITSUBISHI, designed for effective interaction with automation systems. It features a signal type of 24 and a signal level of 24, ensuring high precision and reliability in industrial applications. Its ergonomic design and intuitive user interface facilitate easy monitoring and control of processes. Ideal for use in various industries, the A951G0T-QLBD is an indispensable tool in modern automation systems.
