

A951G0T-SBD

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	a951got-sbd
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Signal Type	24
Signal Level	24 V

Description

The A951G0T-SBD is an advanced operator panel from MITSUBISHI, designed for use in automation systems. The device operates at a voltage of 24V, handling signals at a level of 24. With its robust construction, the panel ensures reliability and long-term operation in challenging industrial environments.
