

## AD61

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	ad61
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

### Technical specification

Weight	0.36 kgs
--------	----------

### Description

AD61 | Mitsubishi, Melsec A Series, High Speed Counter Module, 5 V dc (Input A), 12 V dc (Input B), 24 V dc (Input Z), for CPU | Brand / Manufacturer: Mitsubishi | product type: High Speed Counter Module | series: Melsec A | current rating: 2 to 5 mA | rated voltage: 5 V dc;12 V dc;24 V dc | counting method: Frequency | reset method: External | type of output: Transistor | count direction: Up;Down | function: Counter;Frequency Measurement | for use with: CPU
