Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Mitsubishi
Part Number	BKO-FA0823H07
Product Type	Handheld Robot Teach Pendant
Controller Compatibility	CR1/CR1B, RV series, certain RH series
Cable Length	7 meters (standard), 15 meters (optional)
Dimensions	170mm (width) x 50mm (height) x 50mm (depth) mm
Weight	1 kg (including cable)
Protection Rating	Indoor use, dust and splash protection (specific IP rating not specified)

Description

The Mitsubishi BKO-FA0823H07 is a handheld robot teach pendant designed for programming and controlling Mitsubishi MELFA industrial robots. This device offers intuitive operation for robot teaching, program editing, mode switching, and emergency stop functions.

It features a 7-segment display and status LED indicators for clear visual feedback. The pendant is compatible with controllers such as CR1/CR1B, RV series, and certain RH series. It connects directly to the controller via a dedicated connector, ensuring secure and reliable communication.

The standard cable length is 7 meters, with an optional 15-meter cable available for extended reach. The pendant's dimensions are approximately 170mm (width) x 50mm (height) x 50mm (depth), and it weighs around 1 kg, including the cable.
