Manufacturer	Mitsubishi
Catalog number	fcu6-ep104-1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Mitsubishi
Part Number	FCU6-EP104-1
Product Type	Circuit Board
Application Area	CNC Systems
Category	Podzespoły automatyki przemysłowej

Description

The Mitsubishi FCU6-EP104-1 is a specialized circuit board designed for integration into Mitsubishi's advanced CNC systems, particularly within the MELDAS series. This component plays a crucial role in the control and operation of CNC machinery, ensuring precise and reliable performance.

Its robust construction and compatibility with Mitsubishi's automation systems make it an essential part for maintaining optimal machine functionality. For detailed specifications and installation guidelines, refer to Mitsubishi's official documentation.
