

FR-S520S-0.75K-ECR

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	fr-s520s-075k-ecr
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	240 V
Current	11.5 A
Component Specifications	rs485
Horsepower	0.75 KW
Interface Type	rs485
Product Type	Inverter
Signal Type	240
Relay Specifications	240 VAC
Power	0.75 kW
Temperature	75
Cooling Capacity	0.75 kW
Signal Level	240 V

Description

The FR-S520S-0.75K-ECR inverter from MITSUBISHI is an advanced device designed for efficient motor control with a power rating of 0.75 kW. It operates at a voltage of 240 V and a current of 11.5 A, ensuring stable performance under various conditions. The inverter supports an RS485 interface, allowing for easy integration with automation systems. Additionally, its design provides a cooling efficiency of up to 0.75, with a maximum operating temperature of 75°C. This makes it an ideal solution for industrial applications requiring reliability and precise control.
