Manufacturer	Mitsubishi
Catalog number	fr-z240-40k-er
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage Class	400V
Power Output	4.0 kW
Frequency	50/60 Hz
Series	FREQROL-Z200
Brand	Mitsubishi
Part Number	FR-Z240-4.0K-ER
Product Type	AC Inverter Drive
Power Rating	4.0 kW

Description

The Mitsubishi FR-Z240-4.0K-ER is a high-performance AC inverter drive designed for industrial automation applications. Part of the FREQROL-Z200 series, this model offers a power output of 4.0 kW, making it suitable for controlling various types of motors in demanding environments.

Key features include a voltage class of 400V, ensuring compatibility with standard industrial power supplies. The inverter supports both 50Hz and 60Hz operation, providing flexibility for different regional standards.

Its compact design facilitates easy integration into existing systems, while advanced protective functions safeguard against overcurrent, regenerative overvoltage, and ground faults. This model is ideal for applications requiring precise motor control and reliable performance.
