

FX1N-60MT-DSS

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	fx1n-60mt-dss
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	DC
Product Type	Module
Industrial Safety	plc
Signal Type	36
Signal Level	36 V
Safety Level	plc

Description

The FX1N-60MT-DSS module from MITSUBISHI is an advanced solution in industrial automation. It operates on DC voltage and is designed with industrial safety in mind, meeting PLC standards. It handles signals at a level of 36, making it ideal for various applications. Its reliability and performance make it an excellent choice for complex control systems.
