

GT1030-HBD2

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	gt1030-hbd2
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.41 kgs
Voltage	24 V
Signal Level	24 V
Component Specifications	gt1030
Cable Specification	288 × 96
Signal Type	24

Description

HMI GOT | Terminals | GOT 4;5"; STN/Mono Grafik-Touch (green-orange-red); 288 x 96 Pix.; RS232; 24V DC
