

GT1150-QBBD-C

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	gt1150-qbbd-c
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Component Specifications	gt1150
Signal Type	24
Signal Level	24 V
Voltage	24 V
Cable Specification	320 × 240

Description

GT1150-QBBD-C | Brand / Manufacturer: MITSUBISHI
