

MDS-A-CR-90

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	mds-a-cr-90
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	230 V
Product Type	Converter
Frequency	50 - 60 Hz
Measurement Range	200 - 230
Signal Level	230 V

Description

The MDS-A-CR-90 is a converter with a voltage rating of 230V, designed to operate within a frequency range of 50-60 Hz. Its measurement range spans from 200 to 230, making it an ideal solution for applications requiring precise measurement. The signal level is 230, ensuring stability and reliability in various industrial conditions.
