

Melsoft GXIEC CommFB Q IEC870-5-104 V05

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	melsoft-gxiec-commfb-q-iec870-5-104-v05
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

Software | GX Software | Function block to support IEC 60870-5-104 Protocol for MELSEC System Q PLC
