

MR-S11-100-E01

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	mr-s11-100-e01
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	AC
Product Type	Drive

Description

The MR-S11-100-E01 is an industrial drive powered by alternating current, designed for efficient process control. Its advanced features enable performance optimization in various industrial applications.
