

NF100-SWU3-060

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	nf100-swu3060
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	nf100
Signal Type	277
Relay Specifications	60 A
Current	60 A
Signal Level	277 V

Description

The NF100-SWU3-060 is an advanced industrial component with a current rating of 60, designed for reliability and efficiency. Its component specification, nf100, ensures high quality and durability. The signal type and signal level are both rated at 277, making it an ideal solution for applications requiring precise control. Additionally, the relay specification at 60 guarantees effective load management. This product is an excellent choice for professionals seeking reliable solutions in the industrial sector.
