Manufacturer	Mitsubishi
Catalog number	nz2ft-gn
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Fieldbus Coupler
Product Series	NZ2FT Series
Power Supply	24 V DC
Network Interface	CC-Link IE TSN
Dimensions	120 x 76 mm
Weight	0.264 kg

Description

The Mitsubishi NZ2FT-GN is a Fieldbus Coupler from the NZ2FT Series, designed to integrate seamlessly into industrial automation systems. Operating at 24 V DC, it features dual RJ-45 connectors for network connectivity and includes end brackets for secure mounting.

This coupler supports the CC-Link IE TSN protocol, ensuring high-speed and reliable communication within automation networks. Its compact dimensions (120 mm in height and 76 mm in depth) and lightweight design (0.264 kg) make it suitable for various industrial applications where space and weight are critical considerations.

The NZ2FT-GN is ideal for machine builders and manufacturing facilities seeking a modular I/O solution that offers scalability and flexibility.
