

QX086

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	qx086
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	qx086
Signal Level	230 V

Description

The QX086 is a component with a specification of qx086, designed to operate at a signal level of 230. Its advanced properties make it an ideal solution for various industrial applications.
