

QX141-1

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	qx141-1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	qx141
Product Type	Module

Description

The QX141-1 module from MITSUBISHI is a component with a specification of qx141, designed for versatile applications in industrial automation. Its robust construction ensures reliability in challenging operational conditions.
