

QX521

Industrial automation components

Manufacturer	Mitsubishi
Catalog number	qx521
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Module
Component Specifications	qx521
Interface Type	rs232

Description

The QX521 is a module with a specification of qx521, featuring an RS232 interface that allows for easy communication with other devices. Its advanced features make it an ideal solution for industrial applications.
