

61F-GPN-BC

Industrial automation components

Manufacturer	Omron
Catalog number	61f-gpn-bc
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

61F-GPN-BC | Omron, 61F Series, Conductive Level Controller, 24 V dc, 5 A, 38 x 49.4 x 84 mm | Brand / Manufacturer: Omron | product type: Conductive Level Controller | series: 61F Series | number of bars: 3 | rated voltage: 24 V dc | current rating: 5 A (Resistive Load);2 A (Inductive Load) | special functions: Ultra-Compact Form Factor for High Footprint Efficiency
