

A1000-FIV1030-SE-LL

Industrial automation components

Manufacturer	Omron
Catalog number	a1000-fiv1030-se-ll
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

Q2V/V1000 Low Leakage Current footprint RFI filter, 30A, 200 VAC, single phase, for 2.2KW drives
