

A1000-FIV3020-SE-LL

Industrial automation components

Manufacturer	Omron
Catalog number	a1000-fiv3020-se-ll
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

Q2V/V1000/J1000 Low Leakage Current footprint RFI filter, 20A, 400 VAC, three phase, 4.0KW drives
