

BB-V24S30-M

Industrial automation components

Manufacturer	Omron
Catalog number	bb-v24s30-m
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Voltage	24 V
Current	4.3 A
Power	30 W
Product Type	Controller
Signal Level	24 V
Relay Specifications	3 A

Description

Power supply unit for strobe lighting, DIN-rail, master, 24VDC input, 24VDC output, 30 W
