

CIMR-G7A47P5

Industrial automation components

Manufacturer	Omron
Catalog number	cimr-g7a47p5
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Drive
Signal Level	480 V

Description

The CIMR-G7A47P5 is an advanced drive from OMRON, designed for efficient motor control. It features a signal level of 480, ensuring stable and precise operation across various industrial applications. Its design allows for easy integration with existing systems, making it an ideal solution for demanding production environments.
