

K6CM-CIMD-EIP

Industrial automation components

Manufacturer	Omron
Catalog number	k6cm-cimd-eip
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

Motor Condition Monitoring, AC, 3-phase, Induction motor, Current Analysis model, 24 VAC/VDC, Transistor control output, Push-in Plus, LCD display, Ethernet IP
