

P7SA-14F-ND

Industrial automation components

Manufacturer	Omron
Catalog number	p7sa-14f-nd
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Manufacturer	Omron
---------------------	-------

Description

P7SA-14F-ND | Omron, Relay Socket, 6 A, 24 V dc, DIN Rail Mount, 27.7 x 64.4 x 104 mm | Brand / Manufacturer: Omron | product type: Relay | contact current classification: 6 A | contact voltage classification: 24 V dc | type of attachment: DIN Rail Mount
