

SX-A4200-EF-C

Industrial automation components

Manufacturer	Omron
Catalog number	sx-a4200-ef-c
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

SX inverter IP20, 200 kW, 3~ 400 VAC, direct torque control, built-in filter, brake chopper, max. output freq. 400Hz
