

SX-A4220-EF

Industrial automation components

Manufacturer	Omron
Catalog number	sx-a4220-ef
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Current	430 A
Power	220
Horsepower	220
Cooling Capacity	220
Product Type	Inverter
Signal Type	400
Signal Level	400 V
Relay Specifications	430 A

Description

SX inverter IP20, 220 kW, 3~ 400 VAC, direct torque control, built-in filter, max. output freq. 400Hz
