

SX-A4400-EF

Industrial automation components

Manufacturer	Omron
Catalog number	sx-a4400-ef
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Current	750 A
Power	400
Horsepower	400
Cooling Capacity	400
Product Type	Inverter
Signal Type	400
Signal Level	400 V
Relay Specifications	750 A

Description

SX inverter IP20, 400 kW, 3~ 400 VAC, direct torque control, built-in filter, max. output freq. 400Hz
