

SX-A4500-EF

Industrial automation components

Manufacturer	Omron
Catalog number	sx-a4500-ef
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Current	1000 A
Power	500
Horsepower	500
Cooling Capacity	500
Product Type	Inverter
Signal Type	400
Signal Level	400 V
Relay Specifications	1000 A

Description

SX inverter IP20, 500 kW, 3~ 400 VAC, direct torque control, built-in filter, max. output freq. 400Hz
