Omron

DATA SHEET

SX-D41P5-EF

Industrial automation components

Manufacturer	Omron
Catalog number	sx-d41p5-ef
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

SX inverter IP54, 1.5 kW, 3~ 400 VAC, direct torque control, built-in filter, max. output freq. 400Hz
