Manufacturer	Phoenix Contact
Catalog number	2719234
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.05 kgs kg
Product Type	PC Controller Board
Interface	INTERBUS remote bus
Supply Voltage	5 V DC
Current Consumption	0.5 A
Dimensions	135 mm x 107 mm

Description

The Phoenix Contact 2719234 is a PC controller board in ISA format, featuring electrical isolation. Designed for IBM-compatible PCs with ISA slots, it provides two INTERBUS interface connections with Generation 4 functionality, programmable using high-level languages.

This intelligent controller board is suitable for applications requiring robust and reliable communication in industrial automation systems. Key features include compatibility with Windows NT, Windows 2000, Windows 95/98, and DOS operating systems, as well as support for up to 8,192 bits of process data and up to 512 supported devices.

The board operates with a supply voltage of 5 V DC and has a typical current consumption of 0.5 A. Its dimensions are 135 mm in width and 107 mm in height, with a short plug-in card format occupying one slot.
