Manufacturer	Phoenix Contact
Catalog number	2731063
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Bus Coupler
Product Family	Ruggedline
Interface	INTERBUS
Connection Method	Copper via IP67 RL connectors
Transmission Speed	500 kbaud
Mounting Type	Wall mounting on mounting plate
Ambient Temperature (Operating)	0 °C to 55 °C
Ambient Temperature (Storage/Transport)	-25 °C to 70 °C
Degree of Protection	IP65/IP67

Description

The Phoenix Contact 2731063 is a bus coupler designed for the INTERBUS system, featuring a remote bus branch for twisted pair connections at a transmission speed of 500 kbaud. Encased in a rugged metal housing with IP67 protection, it ensures durability in harsh environments.

The device supports tool-free mounting on a separate mounting plate, facilitating easy installation. Its robust design allows direct use in applications such as welding robots, where reliability is paramount.

This product is ideal for industrial automation systems requiring a reliable and durable bus coupler solution.
