Manufacturer	Phoenix Contact
Catalog number	2861218
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Inline Bus Coupler
Product Family	Inline
Interface	INTERBUS
Transmission Speed	500 kbps
Degree of Protection	IP20

Description

The Phoenix Contact 2861218, known as the IBS IL 24 BK-LK-PAC, is an Inline Bus Coupler designed to integrate an Inline station with the INTERBUS remote bus system. This device facilitates remote bus connections using fiber optic technology, offering optical path diagnostics for enhanced system monitoring.

It operates with a transmission speed of 500 kbps in the local bus and features an F-SMA connector for reliable fiber optic connections. The coupler is housed in an IP20-rated enclosure, ensuring protection against dust and solid objects.

It includes an Inline connector and a labeling field for easy identification and installation. This product is ideal for industrial applications requiring robust and efficient bus coupling solutions.
