Manufacturer	Phoenix Contact
Catalog number	dvg-vmt5015-072-ac-ac00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Display Size	15 inches
Display Type	TFT
Input Interfaces	VGA, DVI
Operating Temperature Range	Varies °C
Humidity Tolerance	Varies %

Description

The Phoenix Contact DVG-VMT5015 072-AC AC.00 is a 15-inch TFT touchscreen monitor designed for industrial automation applications. It features a high-resolution display suitable for machine control and monitoring tasks.

The monitor is housed in a robust enclosure, ensuring durability in industrial environments. Its compact design allows for flexible integration into various automation systems. The device is equipped with multiple input interfaces, including VGA and DVI, facilitating compatibility with a wide range of industrial equipment.

The DVG-VMT5015 072-AC AC.00 is engineered to operate efficiently in environments with varying temperatures and humidity levels, making it ideal for diverse industrial settings. Its user-friendly interface and responsive touchscreen enhance operational efficiency and ease of use.
