Manufacturer	Phoenix Contact
Catalog number	fl-switch-lm-4tx2fx
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Lean Managed Ethernet Switch
Brand	Phoenix Contact
Part Number	FL SWITCH LM 4TX/2FX
Ethernet Ports	4 x 10/100 Mbps RJ45 ports
Fiber Optic Ports	2 x 100 Mbps SC Multi-mode ports
Operating Temperature Range	-40°C to +70°C
Management Options	Web-based (HTTP), SNMP v1/v2, Serial (V.24)
Typ montażu	DIN Rail
Dimensions	45 mm x 99 mm x 112 mm

Description

The Phoenix Contact FL SWITCH LM 4TX/2FX is a compact Lean Managed Switch designed for flexible and cost-effective creation of managed Ethernet networks in industrial automation applications. It features four 10/100 Mbps RJ45 ports with auto-negotiation and auto-crossing, and two 100 Mbps SC multi-mode fiber optic ports, enabling seamless integration of copper and fiber connections.

The device operates within an extended temperature range of -40°C to +70°C, ensuring reliable performance in harsh industrial environments. Supporting PROFINET Conformance Class A, it facilitates redundant network configurations, diagnostics, and monitoring using standard IT protocols.

The switch offers web-based management (HTTP), SNMP v1/v2, and a serial interface (V.24), providing versatile management options. Its compact DIN rail-mountable design (45 mm x 99 mm x 112 mm) allows for easy integration into existing systems.
