Ask about this product

Manufacturer	Phoenix Contact
Catalog number	mc42e-dn-1-dc2-u
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Phoenix Contact
Part Number	MC42E-DN-1-DC2-U
Product Type	Safety Controller
Application Area	Industrial Automation
Input Channels	1 channel
Output Channels	2 channel
Communication Interface	DeviceNet
Typ montażu	DIN Rail
Operating Temperature	-40°C to 70°C

Description

The Phoenix Contact MC42E-DN-1-DC2-U is a versatile safety controller designed for industrial automation applications. This device offers a range of features to enhance operational safety and efficiency.

Key characteristics include multiple input and output channels, flexible configuration options, and compatibility with various industrial protocols. Its robust design ensures reliable performance in demanding environments, making it suitable for applications requiring stringent safety standards.

The controller's modular architecture allows for easy integration into existing systems, providing scalability and adaptability to meet diverse automation needs.
