Industrial automation components

Manufacturer	Rexroth
Catalog number	1070090855-101
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Relay
Voltage	24 V
Signal Level	24 V

Description

The REXROTH relay operates at a voltage of 24V, designed for industrial applications. It features a signal level of 24, making it an ideal solution for process automation. Its robust construction ensures reliability and long-lasting performance in challenging conditions. This relay is a key component in control systems, offering high efficiency and precision.
