Ask about this product

Manufacturer	Rittal
Catalog number	sk-3328500
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Cooling Capacity at 50 Hz	2.1 kW
Cooling Capacity at 60 Hz	2.39 kW
Operating Voltage	230 V
Phase	Single-phase
Frequency	50/60 Hz
Material	Sheet steel material
Color	RAL 7035 color
Condenser Coating	Hydrophobic RiNano coating
Integral Condensate Evaporation	Yes

Description

The Rittal SK 3328.500 is a wall-mounted cooling unit from the TopTherm Blue e series, designed to efficiently dissipate heat from enclosures and protect temperature-sensitive components. With a cooling capacity of 2.1 kW at 50 Hz and 2.39 kW at 60 Hz, it operates on a 230 V, single-phase, 50/60 Hz power supply.

The unit features an integral electric condensate evaporation system for models rated at 1,000 W and above, and is constructed from sheet steel with a RAL 7035 finish. It includes a hydrophobic RiNano-coated condenser and is fully wired, ready for connection.

The SK 3328.500 is suitable for various industrial applications requiring reliable and efficient cooling solutions.
