Manufacturer	Rittal
Catalog number	ts-8700060
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Material	Stainless steel 1.4301 (AISI 304), 1.5 mm
Surface Finish	Brushed, grain 400
Enclosure Type	TS 8
Height	2000 mm
Depth	600 mm

Description

The Rittal TS 8700.060 is a stainless steel side panel designed for the TS enclosure system, measuring 2000 mm in height and 600 mm in depth. Constructed from 1.5 mm thick stainless steel (AISI 304), it features a brushed surface finish with a grain size of 400.

This panel enhances the enclosure's electromagnetic compatibility (EMC) and provides automatic potential equalization through its earthing insert. Installation is facilitated by a location aid, and grounding bolts with contact surfaces are included.

The panel offers an IP 55 protection rating according to IEC 60 529 standards, ensuring robust protection against dust and water ingress. Supplied with all necessary assembly components, it is suitable for various industrial applications requiring secure and reliable enclosure solutions.
