

### BCPV001 D156-097 01

Industrial automation components

<b>Manufacturer</b>	Schenck
<b>Catalog number</b>	bcpv001-d156-097-01
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Brand</b>	Schenck
<b>Part Number</b>	BCPV001 D156-097 01
<b>Product Type</b>	Processor Module
<b>Series</b>	BCPV001
<b>Product Series</b>	BCPV001
<b>Application Area</b>	Industrial Automation

### Description

The Schenck BCPV001 D156-097 01 is a processor module designed for industrial automation applications. Manufactured by Schenck, this module is part of the BCPV001 series and is identified by the part number D156-097 01. It is utilized in various industrial automation systems to manage and control processes efficiently. The module is known for its reliability and performance in demanding environments. For detailed specifications and compatibility information, refer to the manufacturer's datasheet or contact authorized distributors.
