

140CPS11420C

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	140cps11420c
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Module
Signal Type	230
Voltage	5.1 V
Current	2 A
Signal Level	230 V
Relay Specifications	230 VAC

Description

The 140CPS11420C module from Schneider Electric is an advanced solution operating at a voltage of 5.1 V and a current of 2 A. Designed for signals at a level of 230, it ensures reliable performance in industrial applications. The relay specification is also based on a level of 230, making it an ideal choice for systems requiring precise signal management.
