

140-CRP-312-00

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	140crp31200
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Module
Interface Type	ethernet

Description

The 140-CRP-312-00 module from Schneider Electric is an advanced solution featuring an ethernet interface, designed for integration in industrial automation systems. Its robust construction and reliability make it an ideal choice for applications requiring high performance and stability. This module enables efficient data management and communication within industrial networks, making it a key component in modern installations.
