

782XDXH21-120A

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	782xdxh21-120a
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Current	5 A
Measurement Range	21 - 120
Product Type	Relay
Signal Type	240
Signal Level	240 V
Relay Specifications	120 A

Description

The 782XDXH21-120A relay from Schneider is an advanced device designed for precise measurement within the range of 21 to 120. It features a nominal current of 5, making it an ideal solution for applications requiring reliability. The signal type and signal level are both 240, ensuring high performance and operational stability. The relay specification is 120, further highlighting its versatility and applicability in various industrial systems.
