Manufacturer	Schneider Electric
Catalog number	83159
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Wall-mounted industrial socket
Current Rating	16A Amperes
Operating Voltage	400V AC Volts
Ingress Protection Rating	IP67
Fire Resistance	850°C Degrees Celsius
Mounting Type	Wall-mounted
Product Series	Mureva PK

Description

The Schneider Electric 83159 is a wall-mounted industrial socket designed for robust and reliable electrical connections in demanding environments. This socket features a 16A current rating and supports a 3-phase, 4-wire system (3P+N+E), operating at 400V AC. It boasts an IP67 ingress protection rating, ensuring resistance to dust and water ingress, making it suitable for outdoor installations. The socket is constructed from self-extinguishing polymer materials, offering fire resistance up to 850°C, enhancing safety in industrial settings. Its design allows for flexible installation on walls or other structures, providing versatility in various applications. The socket is identified by the part number 83159 and is part of Schneider Electric's Mureva PK series, known for their durability and performance in harsh conditions.
