

C40F4TM400D

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	c40f4tm400d
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	DC
Component Specifications	nsx400f
Manufacturer	Schneider
Current	400 A
Relay Specifications	400 A

Description

The C40F4TM400D is an electrical component from Schneider Electric, designed for operation at direct current. It offers a current rating of 400 A and features the nsx400f component specification, making it an ideal solution for demanding industrial applications. Additionally, the relay specification of 400 ensures reliability and performance in challenging operational conditions.
