

LC1D096BL

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	lc1d096bl
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Contactator
Relay Specifications	9 A
Voltage	600 V
Current	9 A
Signal Type	600
Signal Level	600 V

Description

The LC1D096BL relay from SCHNEIDER ELECTRIC is a high-quality contactor designed for operation in systems with a voltage of 600V. Its maximum current rating is 9A, making it an ideal solution for various industrial applications. The product features a signal type of 600 and a signal level of 600, ensuring reliability and efficiency in operation. The relay specification of 9A further confirms its capability to handle electrical loads in demanding conditions.
