Manufacturer	Schneider Electric
Catalog number	lv516323
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Schneider Electric
Part Number	LV516323
Product Type	Circuit Breaker
Product Family	EasyPact CVS
Application Area	Small and Medium-Sized Buildings
Rated Current	160 A
Breaking Capacity	25 kA
Utilisation Category	Category A
Ambient Temperature for Operation	-25 to 70 °C
Ambient Temperature for Storage	-50 to 85 °C

Description

The Schneider Electric LV516323 is a high-performance, cost-effective 4-pole circuit breaker designed for the protection of small and medium-sized buildings. Part of the EasyPact CVS series, this model features a thermal-magnetic trip unit (TM-D) with a rated current of 160 A at 40°C, providing adjustable thermal overload protection and fixed magnetic protection. It offers a breaking capacity of 25 kA at 415 VAC, ensuring reliable circuit safety. The device complies with multiple international standards, including IEC 60947-2, and is suitable for AC networks operating at 50/60 Hz. Its compact dimensions (140 x 161 x 86 mm) and front connection design facilitate easy installation and maintenance. The LV516323 is an ideal solution for applications requiring efficient
