Manufacturer	Schneider Electric
Catalog number	lv540506
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Schneider Electric
Part Number	LV540506
Product Type	Circuit Breaker
Series	EasyPact CVS400F
Rated Current	400 A
Breaking Capacity	36 kA at 415 VAC
Number of Poles	4P4d
Trip Unit Type	ETS 2.3 Electronic
Protection Functions	Adjustable Long-time, Adjustable Short-time, Fixed Instantaneous
Compliance Standards	IEC 60947, CCC, EAC

Description

The Schneider Electric LV540506 is a high-performance circuit breaker from the EasyPact CVS400F series, designed to provide reliable protection for electrical distribution systems in small and medium-sized buildings. This 4-pole, 4-delta (4P4d) breaker features a 400 A rated current and a breaking capacity of 36 kA at 415 VAC, ensuring robust protection against overloads and short circuits. Equipped with the ETS 2.3 electronic trip unit, it offers adjustable long-time and short-time protections, as well as fixed instantaneous protection, allowing for precise customization to specific load requirements. The breaker is compliant with international standards, including IEC 60947, CCC, and EAC, ensuring global applicability and safety. Its compact design facilitates easy integration into various switchboards and motor control centers, making it an optimal choice for
