

LX1D6B7

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	lx1d6b7
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Contactator
Current	95 A

Description

The LX1D6B7 contactor from Schneider Electric is designed for industrial applications, offering a rated current of 95 A. This product features high reliability and efficiency, making it an ideal solution in automation systems. With its robust construction, it ensures long-lasting performance in challenging working conditions.
