Manufacturer	Schneider Electric
Catalog number	mtn6260-0007
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Product Type	Touch Panel
Display Size	7 inches
Display Resolution	800 x 480 pixels
Processor	Intel XScale PXA270 312 MHz
Memory	64 MB flash, 64 MB RAM
Connectivity	RJ45, USB
Rated Operational Voltage	230 V AC 50 Hz
Maximum Power Consumption	9 W operation, 7 W energy saving mode
Mounting Position	Vertical, Horizontal
IP Rating	IP20
Ambient Air Temperature for Operation	-5…45 °C

Description

The Schneider Electric MTN6260-0007 is a 7-inch touch panel designed for the KNX bus system, offering intuitive control and visualization of building functions. It features a TFT display with a resolution of 800 x 480 pixels, capable of displaying 65,000 colors. Powered by an Intel XScale PXA270 processor at 312 MHz, the device includes 64 MB of flash memory and 64 MB of RAM. Connectivity options comprise RJ45 and USB interfaces. The panel operates on a rated voltage of 230 V AC at 50 Hz, with a maximum power consumption of 9 W during operation and 7 W in energy-saving mode. It supports both vertical and horizontal mounting positions and has an IP20 protection rating. The device is

designed for ambient temperatures ranging from -5°C to 45°C. Please note that this model was discontinued on November 1, 2020, and is no longer available for purchase.
